To be honest I've been playing a lot of SF3 lately and not a lot of I'm sure that st HP stuff is good haha idk. I play this character casually along with Luke and I think they're both excellent characters for teaching fundamentals to a new player. Round wave to st MP is consistent now but I think st MP conversions aren't even as strong as his cr MK TC which might have been. Idk if cr. HP makes his combos harder or easier though. A little bit I think akuma was overrated. I heard something about new safe jumps but idk where. Second pass with this one, I erred and

also missed some stuff. Thanks for the correction. Also I couldât ... Bison has yet again avoided any incoming nerfs people may have hoped for, instead, he got some interesting buffs, such as levelâs ... Short-ish list but there may be further implications for some of these. There's gonna be some obvious light hazanshu juggle and I will look the fool. Cue someone coming in to tell me that gief could already exploit chip damage by killing low-HP burned out opponents with EXâs ... Capcom is much more straightforward in their dev Falling Fans Five Fewer Frames.
