This is a comparative video showing the performance differences between recording Blur's game video with Fraps. From my observation I get around the same FPS and I cannot tell the difference between the quality the only difference I noticed is a slight blur. Not so big difference??? It's worth it, Want to win 1 of 5 copies on Steam? Like the Video and be subbed and comment why you want a copy. I will be picking the winner. Final Test, this time showing how both look. I still say Small test to check if there is any difference in quality on both same settings. Kinda Staggered, but still finding ways to improve...wondered why FPS is at average 40 to 60, recommend me
